CLEMENTON SCHOOL DISTRICT

**STUDENT HANDBOOK/CODE
OF CONDUCT
2020-2021**

Mission Statement

The Clementon School District is dedicated to a meaningful collaboration among parents, students, administrators, teachers, support staff, board of education members, and the community. Our daily mission is to provide every student with a high-quality education driven by the New Jersey Core Curriculum Content Standards and Common Core State Standards. We are committed to providing a secure, nurturing school climate in order to provide for the educational, social, and emotional needs of students and staff.

THE PHILOSOPHY OF CLEMENTON SCHOOL DISTRICT

We, the Board of Education of Clementon School District, believe that all students are capable of learning.

We believe that the home and community, along with the ability and attitude of the student, are intrinsic components of education. We accept the formal responsibility, delegated to us by the State of New Jersey, to provide as appropriate an education for each child as possible while remaining fiscally responsible.

We believe that our schools exist for the children. Schools should be a place where the school climate continually affirms the worth of all students and where pupils can have meaningful experiences in an environment that is inspirational, challenging, pleasant, and which protects and observes the legal rights of students.

We believe at the very minimum that our students should exhibit demonstrated competencies in listening, speaking, reading, writing, and basic mathematical computations. We further believe that in order to actively participate in civic responsibilities, our children should demonstrate an understanding and appreciation of our form of government.

We believe the instructional program and teaching strategies should be flexible enough to provide for pupil exploration and self-expression and to keep abreast of an ever-changing society. We support the efforts and expertise of our professional staff as they strive to promote excellence.

We believe it is essential to work with parents and other people of the community and to cooperate with various agencies to help us attain our goals.

WELCOME

This handbook is to provide you with the guidelines that are followed in the Clementon School District. Every member of the staff is here to help you have a successful and enjoyable school year. Each student is urged to seek the aid of the administration and teachers if the need arises. **READ THIS BOOK CAREFULLY**, as it will answer many questions about your needs and what will be expected of you at Clementon Elementary School.

AFFIRMATIVE ACTION PLAN

Please contact the Affirmative Action Officer, Clementon Elementary School Assistant Principal, if you would like to see the District's Affirmative Action Plan. The purpose of the Plan is to formally state objectives and activities as required by New Jersey Statutes Annotated 18A:36-20 and New Jersey Administrative Code 6:4-1. All areas related to employment and contract practices will be continually evaluated to ensure non-discrimination. School and classroom practices will be evaluated to ensure equal educational opportunities for all students.

LATE PICK-UP

Students must be picked up from school no later than 3:25 PM on full-days and 12:50 PM on early dismissal days. Students who remain after school for various programs must be picked up on time at the end of their schedule program. Any students not picked up on time will be taken to Camp Clementon where they will be supervised, for a fee, until they are picked up. Parents must pay the late fee when they pick-up their child. Repeated lateness in picking up your child will result in a meeting with the administration.

In an effort to maintain safety and supervision for our students, Clementon School District will once again utilize Camp Clementon (Community Education's after school child care program) to supervise students who are not picked up by 3:25 PM.

The following procedures for students not picked-up are currently effective and are as follows:

- Your child will be brought to Camp Clementon, which is held in the Multi-Purpose Room, starting at 3:25 PM.
- Parents will be charged \$5.00 for every 10 minutes their child is late being picked up, beginning at 3:25 PM. If not paid, you will not receive your child's report card.
- For the first offense in picking up a child late in addition to incurring the fee(s) listed above, a warning will be given.
- If there is a recurring pattern of lateness in picking up your child, in addition to incurring the fee(s) listed above you will be required to attend a meeting with the administration to address the situation.
- Only the parents/guardians and persons listed on the emergency card will be permitted to pick up the child from Camp Clementon. Identification will be requested and required in order to release the child.
- You must sign out your child from Camp Clementon and complete a late pick-up form.

Please note that this procedure will also be put into place if a child is not picked up following after school activities, up until 6:00 PM. If a student is not picked up by 6:00 PM, a call will be placed to both the Clementon Police Department and DCP&P.

ASSEMBLIES

Assemblies will be held at various times throughout the school year. Disruptive behavior that takes place during and/or coming to or from an assembly will result in a consequence. Talking, whistling, and yelling will not be tolerated during any assemblies. No cell phones or electronic devices are permitted to be brought in or used during any assemblies. Continued disruptive behavior may result in exclusion from any activities involving an assembly for the remainder of the school year.

Every parent has the responsibility to make sure his/her child attends school regularly. According to NJ State Law (18A:38-25), children between the ages of 6 and 16 must attend school regularly. There is a strong relationship between a student's attendance and academic growth.

Whenever a child is absent for any reason, it is the parent's responsibility to call **prior to 9:00 AM** to 783-2300, prompt 2.

In order for your child to have an excused absence, a note is required for all absences within 4 days of returning to school.

If the child has been to a doctor, please send in the physician's certificate with your child when he/she returns to school.

Letters of attendance notification will be sent to any student accumulating 4, 7, and 10 days of absence for the year. Municipal court procedures will occur if a student accumulates 10 absences.

In order for a student to attend and/or participate in any extra-curricular, after-school, night activities and/or any other activities or events associated with the school district, a student must be present in school for four (4) or more hours of actual class time.

ATTENDANCE - RE-ADMISSION

Any child who has been absent from school for a period of five or more consecutive school days must report to the nurse's office with a certificate from the family physician before re-entering the classroom. The school may also ask for a physician's certificate if a child is absent frequently for a period of less than five days. A pupil will be retained at grade level, in accordance with Board policy, when he/she has accumulated twenty-five or more absent school days, whatever the reason(s) for the absences. However, absences for the observations of religious holidays and absences occurring during a pupil's suspension will not count toward the total. Administration

will take into consideration any pupils whose absences are excused and who have demonstrated through completion of home assignments and/or home instruction that they have mastered the proficiencies established for the assigned courses of study.

ATTENDANCE POLICY

The Clementon Board of Education requires the pupils enrolled in the schools of this district attend school regularly in accordance with the laws of the State. The educational program offered by this district is predicated on the presence of the pupil and requires continuity of instruction and classroom participation. The regular contact of pupils with one another in the classroom and their participation in a well-planned instructional activity under the tutelage of a competent teacher are vital to this purpose.

Attendance at school may be excused for certain absences as defined by the Board. All absences for reasons other than excused, shall be unexcused.

Pupils absent from school for any reason are responsible for the completion of assignments missed because of their absence. No pupil excused for a religious holiday shall be deprived of an award or eligibility to compete for an award or the opportunity to make up a test given on the religious holiday.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive the pupil of the classroom experience deemed essential to learning and may result in retention at grade level. In addition, a referral to the Clementon Courts will be initiated by the school district.

The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate for the district or for a school in the district does not meet the New Jersey Department of Education requirements the Superintendent or designee shall develop performance objectives to improve pupil attendance pursuant to N.J.A.C. 6A:32-12.2(a)3.

A. Definitions

1. "Attendance" is a pupil's presence in school and in the classroom to which he/she is assigned at the times scheduled for instruction or other school activities.
 - a. A pupil in grades Kindergarten through eight must be present at least four hours total. Additionally, he/she must be in school four or more hours of actual class time. To be considered present for one-half day, a pupil must be present at least two hours during the school day.
 - b. A pupil in preschool must be present at least two hours to be recorded as a full day.
 - c. A pupil in grades preschool (a.m.) through eight must arrive by 8:25 a.m. Any pupil who arrives after 8:40 a.m. will be marked tardy. The teachers and administration will notify the parent(s) or legal guardian(s) when tardiness becomes an issue.
 - d. A pupil in p.m. preschool must arrive by 11:05 a.m. Any p.m. preschool pupil who arrives after 11:10 p.m. will be marked tardy. The teachers and administration will notify the parent(s) or legal guardian(s) when tardiness becomes an issue.
 - e. A pupil not present in school because of his/her participation in an approved school activity, such as a field trip, cooperative education assignment, or athletic/academic competition will be considered to be in attendance.
2. "Excused absence" is a pupil's absence from school for a full day or a portion of a day for one or more of the following reasons if an absence note (see 2.a. below) from the parent(s) or legal guardian(s) is received by school personnel within four days after the pupil returns to school.
 - a. Absence Notes: Pupils are required to present an absent note from their parent(s) or legal guardian(s) after each and every absence explaining why the pupil was absent from school. If applicable, doctor's notes, court appearance notes, etc. should accompany the parent(s) or legal guardian(s) note. If an absence note is not received by school personnel within four days after the pupil returns to school, the absence will be considered unexcused. Absence notes not providing acceptable explanations will cause the absence to be considered unexcused. The school administration reserves the right to require official medical notes and legal documentation in cases where excessive pupil absences occur.
 - b. The pupil's illness;
 - c. Death in the pupil's immediate family or a relative that has resided in the pupil's household for longer than two years;

3. "Unexcused absence" is a pupil's absence for all or part of a school day for any reason other than those listed in A.2. above.

 - b. Make-Up Work: Pupils are to be provided with the opportunity to complete assignments missed because of their absence(s), as well as receive full (earned) credit for the work. The time allowed to make up work missed is to be

equal to the amount of time absent. Work not made up within this time will receive partial and/or zero credit. It will be accepted and evaluated by the teacher. Assignments and tests announced prior to the absence are due by the second day of the pupil's return to school or at the teacher's discretion.

4. "Truancy" is a pupil's absence from all or a part of the school day without the knowledge of the pupil's parent(s) or legal guardian(s). A pupil will also be considered truant if he/she:
 - a. Leaves school without permission at any time when school is in session;
 - b. Leaves class because of illness and does not report to the school nurse as directed; or
 - c. Is present in school but is absent from class without approval. Such truancy from class is considered a "class cut";
 - d. Obtains unexcused absences due to latenesses.
5. Lateness to class and lateness to school shall be treated according to the following provisions:
 - a. Late to School (arriving after the start of homeroom)
 1. Age-appropriate consequences will be assigned for lateness. After five latenesses, students will be assessed one unexcused absence for every third lateness. (ie: On the 8th, 11th, 14th, 17th, etc.) Latenesses will be equivalent to one unexcused absence.

B. Notice to School of a Pupil's Absence

1. The parent(s) or legal guardian(s) of a pupil is required to call the school office before 9:00 a.m. of the morning of the pupil's absence.

C. Re-admission to School After an Absence

1. Pupils are required to present an absent note from their parent(s) or legal guardian(s) after each and every absence explaining why the pupil was absent from school. If applicable, doctor's notes, court appearance notes, etc. should accompany the parent(s) or legal guardian(s) note.
2. If a pupil is absent for five consecutive school days or longer due to a non-communicable illness, a doctor's note describing the illness and the pupil's satisfactory recovery must accompany the parent(s) or legal guardian(s) absence note upon the pupil's return to school.
3. A pupil who has been absent by reason of having or being suspected of having a communicable disease must present to the school nurse written evidence from the pupil's physician of being free of communicable disease, in accordance with Board policy.
4. A pupil will be retained at grade level, in accordance with Board policy, when he/she has accumulated twenty-five or more absent school days, whatever the reason(s) for the absences. However, absences for the observances of religious holidays and absences occurring during a pupil's suspension will not count toward the total. Administration will take into consideration any pupils whose absences are excused and who have demonstrated through completion of home assignments and/or home instruction, and course work, that they have mastered the proficiencies established for the assigned courses of study.

The appeal should state the reasons for admitted absences, documentation that would reduce the number of absences, and reasons why the pupil should proceed to the next grade level.
 - b. The Assistant Principal will respond in writing no later than seven working days after receiving the pupil's appeal.
 - c. If the pupil is not satisfied, he/she may submit a written request to the Superintendent/Principal for consideration by an Attendance Review Committee.
 - d. Upon the pupil's request, the Superintendent/Principal shall convene an Attendance Review Committee. The Attendance Review Committee shall meet informally to hear the pupil's reasons for proceeding to the next grade level. The pupil's parent(s) or legal guardian(s) and teacher may attend the meeting.
 - e. The Attendance Review Committee shall decide the appeal and inform the pupil in writing within seven working days of the meeting. The committee may impose conditions on proceeding to the next grade level and may require the pupil to agree to those conditions.
 - f. The pupil may appeal an adverse decision of the Attendance Review Committee to the Superintendent/Principal, the Clementon Board of Education, and the Commissioner of Education, in that order and in accordance with Board policy, Pupil Grievance. Resorting to the Attendance Review Committee shall be considered to have exhausted the first step of the grievance.

DRESS CODE – DISTRICT

The District Dress Code is designed to establish guidelines which assist students in making responsible decisions as they select attire which is appropriate for school. It is important for both parent(s)/guardian(s) and students to understand that the way one dresses may have a direct effect on one's attitude and behavior. We expect all students to appear in clean, sensible attire at all times, and to maintain good grooming habits. Types of clothing, attire, and accessories deemed inappropriate, unsafe, or distracting within an educational setting will be considered unacceptable. It is the intent that parent(s)/guardian(s) and students will follow the dress code guidelines as listed below. If students wear inappropriate clothes to school, they are excluded from class and must change into readily available clothes or the parent(s)/guardian(s) will be contacted to provide an outfit that is appropriate, in order to return to class. Continued disregard for the dress code will result in disciplinary action. Please consider your child's health and safety when choosing school clothing and footwear. If you question the appropriateness of a particular item of clothing, which in itself may indicate the item is not acceptable for school wear.

In all matters of the guidelines listed below the school shall be the judge of what is appropriate.

GUIDELINES: The following guidelines listed below should be followed.

1. Clothing

EMERGENCY PROCEDURES

The Clementon staff, in conjunction with local and county police agencies, has developed an emergency management plan in the event of a terrorist attack, natural disaster, or any other type of emergency situation. Below please find some helpful information regarding our procedures and directions on what you should do as parents if a situation should arise while your children are in school.

Steps to be taken will be dependent upon the type of emergency and the directives given by the Office of Emergency Management.

- Emergency procedures have been provided to all staff.
- A chain of command has been set up within the school.
- Students will be moved to inside classrooms if necessary.
- Attendance folders and all important information regarding students are in the possession of each teacher at all times during high alert status.
- Medications will be distributed by the nurse as needed.

What a parent should do during an emergency alert:

- **DO NOT** come to the school to pick up your children.
- **DO NOT** call the school. Unnecessary calls may prevent essential emergency information from being transmitted.
- When clearance is given, an orderly procedure will be in place for you to pick up your children.
- Do not send anyone to pick up your child who is not on the Emergency Card.

ENTRANCE AGE

The Board of Education will admit to this district children otherwise eligible by law or Board policy who have attained the age requirements set by law and this Board of Education. The Board requires documentary verification of the age and birthdate of any child for whom admission to this district is sought.

Preschool Disabled - A child is eligible for entrance into a program of special education who has attained his/her third birthday and has been found by the Child Study Team to be eligible for a program for the preschool disabled in accordance with rules of the State Board of Education.

Kindergarten - A child is eligible for entrance into Kindergarten who will have attained the age of five years on or before October 1 of the year in which entrance is sought. The Principal may admit to Kindergarten any child who has not attained the entrance age requirement of this district, but who was properly enrolled in an approved public or private school Kindergarten before transferring to this district providing that testing data supports the child's ability to successfully complete Kindergarten skills.

First Grade - A child is eligible for entrance into first grade who will have attained the age of six years on or before October 1 of the year in which entrance is sought and has completed the Kindergarten program of this district or an equivalent program elsewhere and has been recommended by the teacher for advancement to the first grade. FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the School receives a request for access.
Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
Parents or eligible students who wish to ask the School to amend a record should write the School principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the School

decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

[Optional] Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

4. The right to file a complaint with the U.S. Department of Education Concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-8520

You can review the entire FERPA act on the Clementon School Webpage www.clementon.k12.nj.us.

Notice will include the nature of the activity and the hazardous substance being used. Hazardous substances may also be stored at the school at various times throughout the year. There will always be Hazardous Substance Fact Sheets available in the Board of Education and Maintenance Offices for any substances used in the school.

HEALTH INFORMATION

MEDICINE AT SCHOOL

If it is necessary for a child to take medication during school hours (this applies to prescription and non-prescription drugs), a letter from the child's physician is required. The letter should explain the type, quantity, and schedule of the medication that will be administered. An adult must bring this letter and any medication to the school nurse. Children may **not** bring medication into the school at any time. School personnel (other than school nurse) are not permitted to administer any medication at any time.

ADMINISTRATION OF MEDICATION - Policy

The Board of Education disclaims any and all responsibility for the diagnosis and treatment of the illness of any pupil. However, in order for many pupils with chronic health conditions and disabilities to remain in school, medication may have to be administered during school hours. Parents and legal guardians are encouraged to administer medications to children at home whenever possible as medication should be administered in school only when necessary for the health and safety of pupils. The Board will permit the administration of medication in school in accordance with applicable law.

Medication will only be administered to pupils in school by the school physician, a certified or noncertified school nurse, a substitute school nurse employed by the district, the pupil's parent(s) or legal guardian(s), a pupil who is approved to self-administer in accordance with N.J.S.A. 18A:40-12.3 and 12.4, and school employees who have been trained and designated by the certified school nurse to administer epinephrine in an emergency pursuant to N.J.S.A. 18A:40-12.5 and 12.6.

Self-administration of medication by a pupil for asthma or other potentially life-threatening illness or a life threatening allergic reaction is permitted in accordance with the provisions of N.J.S.A. 18A:40-12.3.

Medication no longer required must be promptly removed by the parent(s) or legal guardian(s).

The school nurse shall have the primary responsibility for the administration of epinephrine. However, the certified school nurse may designate, in consultation with the Board or the Superintendent, additional employees of the district who volunteer to be trained in the administration of epinephrine via a pre-filled auto-injector mechanism using standardized training protocols established by the Department of Education in consultation with the Department of Health and Senior Services when the school nurse is not physically present at the scene.

The school nurse or designee shall be promptly available on site at the school and at school-sponsored functions in the event of an allergic reaction. In addition, the parent(s) or legal guardian(s) must be informed that the school district, its employees and agents shall have no liability as a result of any injury arising from the administration of epinephrine to the pupil.

The parent(s) or legal guardian(s) of the pupil must sign a statement acknowledging their understanding the district shall have no liability as a result of any injury arising from the administration of the epinephrine via a pre-filled auto-injector mechanism to the pupil and the parent(s) or legal guardian(s) shall indemnify and hold harmless the district and its employees or agents against any claims arising out of the administration of the epinephrine via a pre-filled auto-injector mechanism to the pupil.

The permission for the emergency administration of epinephrine via a pre-filled auto-injector mechanism containing epinephrine to pupils for anaphylaxis is effective for the school year it is granted and must be renewed for each subsequent school year.

The district shall have and maintain for the use of pupils at least one nebulizer in the office of the school nurse or a similar accessible location. Each certified school nurse or other persons authorized to administer asthma medication will receive training in airway management and in the use of nebulizers and inhalers consistent with State Department of Education regulations. Every pupil that is authorized to use self-administered asthma medication pursuant to N.J.S.A. 18A:40-12.3 or a nebulizer must have an asthma treatment

plan prepared by the pupil’s physician which shall identify, at a minimum, asthma triggers, the treatment plan and other such elements as required by the State Board of Education.

All prescription and non-prescription medicines will be brought to the school by a parent or guardian and registered with the school nurse. The medication shall be brought to school in the original container appropriately labeled by the pharmacy or physician. If the school nurse has any concern about administering said medication, he/she will contact the school physician for advice relative thereto.

All pupil medications shall be appropriately maintained and secured by the school nurse, except those medications to be self-administered by pupils. In those instances the medication may be retained by the pupil with the prior knowledge of the school nurse. The school nurse may provide the Principal and other teaching staff members concerned with the pupil’s educational progress with such information about the medication and its administration as may be in the pupil’s best educational interests. The school nurse may report to the school physician any pupil who appears to be affected adversely by the administration of medication and may recommend to the Principal the pupil’s exclusion pursuant to law.

The school nurse shall document each instance of the administration of medication to a pupil. Pupils self-administering medication shall report each incident to a teacher, coach or other individual designated by the school nurse who is supervising the pupil during the school activity when the pupil self-administers. These designated individuals shall report such incidents to the school nurse within twenty-four hours of the self-administration of medication. The school nurse shall preserve records and documentation regarding the self-administration of medication in the pupil’s health file.

Should students be found to have prescription or non-prescription medicine(s) in their possession, said medicine(s) shall be taken from them. The medicine(s) shall be given to the school nurse and he/she will make contact with the parents/guardians relative thereto. The building principal or his/her designee shall be informed of this offense and appropriate action will be taken.

IF A STUDENT HAS PRESCRIPTION AND/OR OVER-THE-COUNTER MEDICINE IN HIS/HER POSSESSION OR IS USING IT ON SCHOOL PROPERTY OR AT AN EVENT ASSOCIATED WITH CES, HE/SHE WILL BE REFERRED TO ADMINISTRATION AND THE BOE APPROVED CODE OF CONDUCT WILL BE FOLLOWED.

Grades PK-8:

4. Any side effects that resulted from the administration of medication; and
5. Whether the supply of medication provided in cases where the medication is to be administered by the school nurse or a registered nurse was exhausted or the parent(s) or legal guardian(s) removed the medication or, if the parent(s) or legal guardian(s) failed to remove the medication, the medication was destroyed and the date on which that occurred.

I. Notification

1. The school nurse may provide the Principal and other teaching staff members concerned with the pupil's educational progress with information about the medication and administration when such release of information is in the pupil's best educational interest.
2. The school nurse will provide teachers, coaches, and other individuals in charge of school activities with a list of pupils who have been given permission to self-administer medication.
3. The school nurse will inform the pupil's parent(s) or legal guardian(s) of any difficulty in the administration of medication or any side effects.
4. The school nurse will report to the school physician any pupil who appears to be adversely affected by the medication.

Should students be found to have prescription or non-prescription medicine(s) in their possession, said medicine(s) shall be taken from them. The medicine(s) shall be given to the school nurse and he/she will make contact with the parents/guardians relative thereto. The building principal or his/her designee shall be informed of this offense and appropriate action will be taken.

MEDICAL EXAMINATION

Routine physicals will not be scheduled at school. Student medical exams shall be conducted at the medical home (family doctor) of the student, and a full report sent to the school. The school provides the physical examination forms that are to be completed by the physician.

ILLNESS AT SCHOOL

When a student becomes ill or has a serious accident at school, the parents will be contacted immediately. A school staff member will administer first aid if necessary and decide what action to take.

If the parent cannot be notified about the illness or accident, the person whom the parent has authorized to serve in an emergency will be contacted. Therefore, it is important to notify the school of any changes in address or phone number.

Although every effort will be made to prevent accidents, the school's responsibility is limited to administering first aid. The school is not responsible for the cost of medical treatment for pupils who become ill or are involved in accidents at school.

MEDICAL EXCUSE

Parents should attempt to schedule a child's medical appointments outside of school hours. When this is not possible, students may be excused from school. Arrangements should be made through the school office. A note from the doctor/dentist is required. Since physical education is a state requirement, a doctor's note is required to excuse participation for more than one day.

SCOLIOSIS SCREENING

Scoliosis is a lateral curvature of the spine, most commonly found in children during their adolescent growth period. The effect of scoliosis depends upon its severity, how early it is detected and prompt treatment. Under the direction of the school physician, each student ten and older will be screened for scoliosis every other year.

CONTAGIOUS DISEASES

Please contact the school nurse for information on isolation and quarantine of children who contract any of the following diseases: chicken pox, German measles, measles, scarlet fever, scarletina, strep throat, streptococcal.

The New Jersey Statutes require that the following diseases be reported to the Camden County Board of Health by the head of the household if no physician is attending: diphtheria, hepatitis (infectious and serum), meningococcal meningitis, measles, mumps, rubella, haemophilus B, influenza, varicella. Students exhibiting symptoms of head lice, ringworm and/or impetigo will be excluded from school pending receipt of a doctor's note.

HOME INSTRUCTION DUE TO HEALTH CONDITION

The Board of Education will provide instructional services to an enrolled pupil whether a general education pupil in Kindergarten through grade twelve or special education pupil age three to twenty-one, at the pupil's home or another suitable out-of-school setting such as a hospital or rehabilitation program when the pupil is confined to the home or another out-of-school setting due to a temporary or chronic health condition or has a need for treatment which precludes participation in their usual education setting, whether general education or special education. To request home instruction due to a temporary or chronic health condition, the parent(s) or legal guardian(s) shall submit a request to the Child Study Team (CST) Coordinator that includes a written determination from the pupil's physician documenting the projected need for confinement at the pupil's residence or other treatment setting for ten consecutive school days or fifteen cumulative school days or more during the school year. The CST Coordinator will then contact the parent(s) or legal guardian(s) to receive more information and complete the request.

HOMEWORK

The Board of Education believes that homework should become an integral part of every pupil's learning experience. The purposes of homework are--to improve the learning process; to aid in the mastery of skills; to allow for a deeper understanding of informational content or, help practice a skill, strategy, or process; to create and stimulate independent research; to obtain experiences in time management; to gain confidence and success in carrying out learning activities; and to develop a sense of responsibility, accountability and individual work habits.

Homework should have a valid educational purpose and should relate to the objectives and skills of a lesson or unit, and is designed to deepen students' knowledge of informational content or, practice a skill, strategy, or process. Homework shall not be assigned for punitive reasons.

Classroom teachers are to consider the following points:

1. Establish regularity in assignments. A good practice is to give some homework each school day.
2. All pupils should receive homework appropriate to their age, grade level and abilities.
3. Notify parent(s) or legal guardian(s) of the design for homework assignments. Explain the purposes of homework to them; seek their cooperation to make homework a learning situation; request that they provide a suitable time and place for working.
4. Make homework assignments absolutely clear to the pupils. Homework is the primary responsibility of the pupil but may require some assistance from parent(s) or legal guardian(s) or others.
5. Check all homework carefully.
6. Return assignment papers to the pupil or file in a folder to be used at parent-teacher conferences.
7. Relate the assignment to the needs of the pupils.
8. Be able to justify the assignment in relation to the purposes of homework.

Make-up Work - Any pupil who is absent from school because of illness, suspension or another reason must be provided the opportunity to make-up the work missed if it will have a direct influence on the grade he/she will receive for the subject. The pupil should discuss the assignments and amount of time given for make-up work with the teacher. At a minimum, for every day missed, is the number of days the students have to make-up the assignments. Pupils are to be provided with the opportunity to complete assignments missed because of their absence(s), as well as receive full (earned) credit for the work. The time allowed to make up work missed is to be equal to the amount of time absent. Work not made up within this time will receive partial and/or zero credit. It will be accepted and evaluated by the teacher. Assignments and tests announced prior to the absence are due by the second day of the pupil's return to school or at the teacher's discretion.

Parents may only request work for their child if they are going to be absent for more than one day. If a student is absent for only one day, it is his/her responsibility to make up the work when he/she returns to school. All requests for homework for extended absences must be made prior to 9:00 AM by calling the homeroom teacher directly at his/her extension.

Recommended Times - Some types of homework assignments should be given each school day to pupils at all grade levels. The assignment should be commensurate with the child's grade level, age and abilities. The amount of time spent will vary from one assignment to another and will increase as the pupil matures.

Assignments - All pupils will be responsible to know their daily assignments. Individual grade level procedures will be communicated to parents in writing at the beginning of each school year. Specific directions for long term projects will also be provided when applicable.

10. Interviews: Gathering information from authoritative sources.

In addition to reading and mathematics, the kindergarten program provides experiences in these areas: language arts, music, art, media, computer literacy, health, and physical education. Activities in these areas provide a complete kindergarten program.

LOCKERS

A student's school locker is the property of the school and must be used for the purposes intended: a storage area for books, school supplies, and clothing. If school officials have reasonable suspicion that a student has placed illegal substances in the locker, school officials may then search the locker, with or without the student's knowledge or consent. In brief, students should not keep anything in their lockers that they would not want anyone to find.

Lockers are assigned by the school and are not to be changed without permission. Locks are distributed by the school. If a lock is lost, another is to be purchased by the student so that the lost lock can be replaced. Students are not permitted to share lockers or locker combinations. The school is not responsible for any stolen articles from lockers.

LOST AND FOUND

Articles of value or clothes turned in to the main office will be held until the end of each month on the stage. They will be appropriately disposed of or donated to charity at the end of each month.

NATIONAL JUNIOR HONOR SOCIETY

The National Junior Honor Society is a select service club of seventh and eighth grade students. The club has five principles: Scholarship, Leadership, Citizenship, Service, and Character.

The selection information is found on the school website. Students in Grades 6, 7 and 8 that qualify in academics are invited to complete the application process after second marking period grades are available. Students who complete the process and qualify are inducted at the end of the school year.

Students need to maintain an overall grade average of 86%, attend monthly meetings, participate in the service activities, and have no suspensions to stay members in good standing for this national club.

PARTICIPATION IN PHYSICAL EDUCATION CLASSES

Students will participate in Physical Education classes, both with special area and regular education teachers.

GUIDELINES: Students will wear clothing and footwear suitable for safe participation in physical education class activities (i.e. sneakers). PARTICIPATION IN SPECIAL AREA CLASSES

Students will be prepared to participate in various special area classes during the school year, such as music, art, technology, Spanish, physical education, and/or media/library.

Media Center materials will be returned on time and in the same condition as when borrowed. It may become necessary for the replacement cost to be paid by the student before final report cards are issued.

Use of the computer technology throughout the school building shall be in accordance with the guidelines set forth on the Internet Permission Form. Vandalism of computer hardware or failure to follow proper procedures when operating a computer will result in exclusion of computer privileges. Repair costs will be charged to the student and a complaint may be filed with the police.

PERSONAL ITEMS

Students are asked to be extremely careful about leaving valuables unattended in desks, cubbies, classrooms, and unlocked lockers. The school is not responsible for stolen articles brought to school.

POSSESSION OF ELECTRONIC DEVICES

A student who brings a remote activated paging device on the school property (whether school is in session or not) is violating both a school rule and the New Jersey State Law 2C:33-19. A student who brings a remote activated paging device to school may be subject to consequences from the school as well as law enforcement authorities.

Cell phones, radios, headsets, cassettes, CD players, MP3 players, laser pointers, and other types of electronic devices are not permitted to be used in the school building. Such devices will be confiscated and the students will be subject to the consequences for breaking school rules. Parents/guardians are required to come to the school and pick-up any confiscated items. Any confiscated items will not be given back to the student.

Additionally, students who do bring in any electronic devices, such as cell phones, iPods, etc., must have them turned off and put in their book bag and/or locker during the school day. If any devices are found on the student, they will be confiscated and the parent/guardian must pick them up. If it becomes necessary for a student to use a telephone during school hours, students must request permission from one of their teachers to use a classroom phone or to use the phone in the Main Office. Students are not permitted to use any cell phones to make or receive calls or texts during the school day or during after-school detentions.

PREPAREDNESS FOR CLASSROOM INSTRUCTION

Students will have the required textbooks, workbooks, notebooks, homework folders, completed homework assignments, and supplies ready for participation in instruction. Textbooks are to be kept clean and handled carefully. Any textbook, workbook, notebook, or homework folder that is lost, has unreasonable damage, or rendered unusable, will be replaced or assessed a fine at the student's expense. A published list of costs is available. At the end of the school year, the student must return the same book that was loaned at the beginning of the school year. All fines must be paid by the end of the school year in order for the student to receive his/her final report card.

Visitors shall be required to register their presence in the school. No staff member shall transact business with or permit the continuing presence in the school of a visitor who has not been duly registered.

CODE OF CONDUCT

PURPOSE

The purpose of this Code of Conduct is to acquaint you and your parents/guardians with helpful information in order to provide for the smooth operation of our school. Please review it very carefully and keep it handy for reference to daily routines and general procedures. We want you to know what is expected of you and what you can expect from your school. ***This is your formal notification of the rules and procedures under which we operate.***

EXPECTATIONS FOR STUDENT BEHAVIOR

Students, parents, school administrators, and the board of education all believe that pupils should commit themselves to learning and to the development of their unique potential. We believe that it is important to help students realize that their own attitudes and acts are directly related to their school experience and that of their classmates. With the support and assistance of school personnel and parents, all students have the capacity to demonstrate actions which contribute to the effectiveness of schools and the worth of their learning experiences.

Therefore, we, the students, parents, teachers, administrators, and members of the Board of Education of the Clementon School District expect all students to fulfill the behavioral expectations of the school community, and to:

- Prepare mentally and physically for the process of learning.
- Respect the person, property, and intellectual and creative products of others.
- Take responsibility for own behavior and learning.
- Use time and other resources responsibly.
- Share responsibilities when working as members of a group.
- Meet the expectations of each class.
- Monitor own progress toward objectives.
- Communicate with parents and school personnel about school-related matters.

STUDENT RESPONSIBILITIES

Below is a partial list of student responsibilities and expectations which are necessary to improve the overall climate of the school.

1. Attend school on a regular basis.
2. Be on time to school and to all classes.
3. Come to class prepared with homework completed, pencil, paper, and textbooks.
4. Come to school properly attired.
5. Treat teachers, staff members, and fellow students with respect.
6. Establish pride in yourself by working to the best of your ability.

STUDENT CONDUCT

Students are expected to exhibit proper behavior, at all times. Such actions as yelling, throwing things, profanity, insubordination, defiance, and disorderly or discourteous acts interrupt a proper educational atmosphere. We expect our students to conduct themselves in a manner that will contribute to the overall educational goals and expectations of the school. We expect our students to develop responsible attitudes of personal conduct and to respect the rights of others in the school. Students do not have the right to disrupt or impede the learning process of others, nor does any student have the right to jeopardize the safety and well-being of others in the school. Students are expected to show respect to all adults in the school. Insubordination and defiance of adult authority, or verbal and/or physical abuse of those adults employed in the school will not be tolerated and consequences will be assigned for these offenses. It is the students' responsibility to obey school regulations and procedures and the school staff and administration that enforce them. This responsibility extends to student conduct to, during and from school as well as in the building itself and on school grounds. Any unlawful act taking place on school grounds or buses before, during or after school (e.g. athletic events, dances, etc.) not only makes the student subject to penalties which the courts prescribe, but may also result in suspension or dismissal from school.

STUDENT CODE OF CONDUCT

One very important goal of the school system is to develop positive and constructive student behavior. Thus, discipline must be administered with the goal of changing inappropriate behavior. All aspects of each case will be considered. Administration will conduct an investigation of reported incidents before assigning consequences.

Students who fail to comply with the rules and regulations of Clementon Elementary School will be referred to the Assistant Principal's Office and will receive necessary disciplinary action. Parents will be notified by letter or phone and, when necessary, parent conferences will be scheduled.

Disciplinary action will be taken for inappropriate behavior (consistent with due process) and may include, but not limited to, any of the possible consequences stated. In appropriate cases, discipline will be progressive, and take into account prior misconduct and consequences. Parents and students will be liable for illegal behavior by a student. When an unlawful act does occur, prosecution for illegal behavior will be to the fullest extent of the law. When it becomes necessary to administer discipline, the following measures will be used at administration's discretion:

For some incidents, immediate notification of the police and Camden County Prosecutor's Office could result in criminal charges.

DETENTIONS

The staff at Clementon Elementary School believes that the Code of Conduct should not be as much punitive as it is corrective, for it is our duty to try to help every student learn to behave and interact in a socially acceptable manner. We would like to maximize the teachers' time spent on instruction and minimize time spent on disciplining the disruptive elements present in the classroom. Corrective action will be taken to remedy inappropriate behaviors. The action is taken to help our students learn from their mistakes and/or poor choices.

Detentions may be assigned by the administration or teacher when it is deemed necessary to correct behavior that is interrupting the normal learning process. Detentions may be given for disciplinary infractions that a teacher feels are detrimental to the smooth operation of the classroom and/or school. In most cases, students will be given one day's notice before the detention is to be served. The teacher will send the Parent Notice form home so that the parents/guardians will know that their child has detention. Please note the Parent Notice form will be sent home to inform the parents/guardians that there was a disciplinary infraction that occurred and when the detention will be served. A signature will be required for all Parent Notices. Parent Notices must be returned to school the next day. Failure of the students to remain for detention will result in further disciplinary action. The parents/guardians will be notified and a conference may be scheduled. If a student does not return the Parent Notice signed, the teacher and/or administration may contact the parent/guardian for confirmation they are aware of the incident(s) that occurred and the consequence(s) assigned.

Detentions will be scheduled from 3:15 PM – 3:45 PM, normally on the day following the infraction. Additionally, lunch detentions can be assigned by administration or teachers on the same day as the infraction and/or on future days. Any student that is given an administrative detention and is absent or goes home early on the assigned detention day will serve that detention on the day they return to school. Work will be assigned. Rules and regulations must be strictly adhered to or further disciplinary action will be taken.

LOCKERS (7th & 8th Only)

Students will be issued a hall locker, and possibly a physical education locker, and one (1) lock. Only school locks may be used on the assigned locker. Students are responsible for the school locks they are issued. A replacement lock will cost \$5.00. Students must keep their locker locked at all times for their security. Students are not to share lockers with other student(s) or give other student(s) their locker combination. Students may go to their lockers at designated times. **The school cannot assume responsibility for lost or stolen items.**

LOCKER SEARCHES

In accordance with New Jersey law and United States Supreme Court rulings, lockers are school property over which the district retains the right to conduct periodic inspections. If school officials have reasonable suspicion to suspect that a search of a student's locker or possessions will reveal evidence that the student has violated or is violating either law or the rules of the school, then a search will be conducted.

HARASSMENT, INTIMIDATION, AND BULLYING REGULATION

A. Policy Statement - The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s) or adoptive parent(s), legal guardian(s), foster parent(s), or parent surrogate(s) of a student. Where parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided such parental rights have not been terminated by a court of appropriate jurisdiction.

B. Harassment, Intimidation, and Bullying Definition - "Harassment, intimidation, or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic;
2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3; Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; **and that**
 - a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his/her person or damage to his/her property; **or**
 - b. Has the effect of insulting or demeaning any student or group of students; **or**
 - c. Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

Schools are required to address harassment, intimidation, and bullying occurring off school grounds, when there is a nexus between the harassment, intimidation, and bullying and the school (e.g., the harassment, intimidation, or bullying substantially disrupts or interferes with the orderly operation of the school or the rights of other students).

"Electronic communication" means a communication transmitted by means of an electronic device, including, but not limited to: a telephone, cellular phone, computer, or pager.

C. Student Expectations - The Board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment consistent with the Code of Student

Conduct. The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents, school employees, school administrators, school volunteers, and community representatives, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities to help students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects that students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, and bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property and rights of others; obey constituted authority; and respond to those who hold that authority);
2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;
3. Student rights; and
4. Sanctions and due process for violations of the Code of Student Conduct.

Pursuant to N.J.S.A. 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, the district has involved a broad-base of school and community members, including parents, students, instructional staff, student support services staff, school administrators, and school volunteers, as well as community organizations, such as faith-based, health and human service, business and law enforcement, in the development of this Policy. Based on locally determined and accepted core ethical values adopted by the Board, pursuant to N.J.A.C. 6A:16-7.1(a)2, the Board must develop guidelines for student conduct pursuant to N.J.A.C. 6A:16-7.1. These guidelines for student conduct will take into consideration the developmental ages of students, the severity of the offenses and students' histories of inappropriate behaviors, and the mission and physical facilities of the individual school(s) in the district. This Policy requires all students in the district to adhere to the rules established by the school district and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Pursuant to N.J.A.C. 6A:16-7.1, the Superintendent must annually provide to students and their parents the rules of the district regarding student conduct. Provisions shall be made for informing parents whose primary language is other than English.

The district prohibits active or passive support for acts of harassment, intimidation, or bullying. Students are encouraged to support other students who:

1. Walk away from acts of harassment, intimidation, and bullying when they see them;
2. Constructively attempt to stop acts of harassment, intimidation, or bullying;
3. Provide support to students who have been subjected to harassment, intimidation, or bullying; and
4. Report acts of harassment, intimidation, and bullying to the designated school staff member.

The consequences may include, but not be limited to: verbal or written reprimand, increment withholding, legal action, disciplinary action, termination, and/or bans from providing services, participating in school district-sponsored programs, or being in school buildings or on school grounds. Remedial measures may include, but not be limited to: in or out-of-school counseling, professional development programs, and work environment modifications.

Target/Victim Support

Districts should identify a range of strategies and resources that will be available to individual victims of harassment, intimidation, and bullying, and respond in a manner that provides relief to victims and does not stigmatize victims or further their sense of persecution. The type, diversity, location, and degree of support are directly related to the student’s perception of safety.

Sufficient safety measures should be undertaken to ensure the victims’ physical and social-emotional well-being and their ability to learn in a safe, supportive, and civil educational environment.

E. Harassment, Intimidation, and Bullying Reporting Procedure

The Board of Education requires the Principal at each school to be responsible for receiving complaints alleging violations of this Policy. All Board members, school employees, and volunteers and contracted service providers who have contact with students are required to verbally report alleged violations of this Policy to the Principal or the Principal’s designee on the same day when the individual witnessed or received reliable information regarding any such incident. All Board members, school employees, and volunteers and contracted service providers who have contact with students, also shall submit a report in writing to the Principal within two school days of the verbal report. The Principal will inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services. The Principal, upon receiving a verbal or written report, may take interim measures to ensure the safety, health, and welfare of all parties pending the findings of the investigation.

Students, parents, and visitors are encouraged to report alleged violations of this Policy to the Principal on the same day when the individual witnessed or received reliable information regarding any such incident. Students, parents, and visitors may report an act of harassment, intimidation, or bullying anonymously. Formal action for violations of the Code of Student Conduct may not be taken solely on the basis of an anonymous report.

A Board member or school employee who promptly reports an incident of harassment, intimidation, or bullying and who makes this report in compliance with the procedures set forth in this Policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

In accordance with the provisions of N.J.S.A. 18A:37-18, the harassment, intimidation, and bullying law does not prevent a victim from seeking redress under any other available law, either civil or criminal, nor does it create or alter any tort liability.

The district may consider every mechanism available to simplify reporting, including standard reporting forms and/or web-based reporting mechanisms. For anonymous reporting, the district may consider locked boxes located in areas of a school where reports can be submitted without fear of being observed.

A school administrator who receives a report of harassment, intimidation, and bullying from a district employee, and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action.

The investigation shall be conducted by the school Anti-Bullying Specialist in coordination with the Principal. The Principal may appoint additional personnel who are not school Anti-Bullying Specialists to assist with the investigation. The investigation shall be completed and the written findings submitted to the Principal as soon as possible, but not later than ten school days from the date of the written report of the incident. Should information regarding the reported incident and the investigation be received after the end of the ten-day period, the school Anti-Bullying Specialist shall amend the original report of the results of the investigation to ensure there is an accurate and current record of the facts and activities concerning the reported incident.

The Principal shall proceed in accordance with the Code of Student Conduct, as appropriate, based on the investigation findings. The Principal shall submit the report to the Superintendent within two school days of the completion of the investigation and in accordance with the Administrative Procedures Act (N.J.S.A. 52:14B-1 et seq.). As appropriate to the findings from the investigation, the Superintendent shall ensure the Code of Student Conduct has been implemented and may decide to provide intervention services, order counseling, establish training programs to reduce harassment, intimidation, or bullying and enhance school climate, impose discipline, or take or recommend other appropriate action, as necessary.

The Superintendent shall report the results of each investigation to the Board of Education no later than the date of the regularly scheduled Board of Education meeting following the completion of the investigation. The Superintendent's report shall include information on any consequences imposed under the Code of Student Conduct, any services provided, training established, or other action taken or recommended by the Superintendent.

At the regularly scheduled Board of Education meeting following its receipt of the Superintendent's report on the results of the investigations to the Board or following a hearing in executive session, the Board shall issue a decision, in writing, to affirm, reject, or modify the Superintendent's decision. The Board's decision may be appealed to the Commissioner of Education, in accordance with N.J.A.C. 6A:3, Controversies and Disputes, no later than ninety days after issuance of the Board of Education's decision.

A parent, student or organization may file a complaint with the Division on Civil Rights within one hundred eighty days of the occurrence of any incident of harassment, intimidation, or bullying based on membership in a protected group as enumerated in the "Law Against Discrimination," P.L.1945, c.169 (C.10:5-1 et seq.).

The Superintendent shall respond to confirmed harassment, intimidation, and bullying, according to the parameters described in this Policy. The range of ways in which school staff will respond shall include an appropriate combination of counseling, support services, intervention services, and other programs. The Board recognizes that some acts of harassment, intimidation, or bullying may be isolated incidents requiring the school officials respond appropriately to the individual(s) committing the acts. Other acts may be so serious or parts of a larger pattern of harassment, intimidation, or bullying that they require a response either at the classroom, school building, or school district level or by law enforcement officials.

For every incident of harassment, intimidation, or bullying, the school officials must respond appropriately to the individual who committed the act. The range of responses to confirmed harassment, intimidation, or bullying acts should include individual, classroom, school, or district responses, as appropriate to the findings from each incident. Examples of responses that apply to each of these categories are provided below:

2. Classroom responses can include class discussions about an incident of harassment, intimidation, or bullying, role plays (when implemented with sensitivity to a student's situation or involvement with harassment, intimidation, and bullying), research projects, observing and discussing audio-visual materials on these subjects, and skill-building lessons in courtesy, tolerance, assertiveness, and conflict management.

4. District-wide responses can comprise of adoption of school-wide programs, including enhancing the school climate, involving the community in policy review and development, providing professional development coordinating with community-based organizations (e.g., mental health, health services, health facilities, law enforcement, faith-based organizations), launching harassment, intimidation, and bullying prevention campaigns.

SEXUAL HARASSMENT POLICY

The Board of Education will not tolerate sexual harassment of pupils by school employees, other pupils, or third parties. Sexual harassment of pupils is a form of prohibited sex discrimination. School district staff will investigate and resolve allegations of sexual harassment of pupils engaged in by school employees, other pupils (peers), or third parties.

The Board shall establish a grievance procedure through which school district staff and/or pupils can report alleged sexual discrimination, including sexual harassment which may include quid pro quo harassment and hostile environment.

Definitions:

1. Quid pro quo harassment occurs when a school employee explicitly or implicitly conditions a pupil's participation in an educational program or activity or bases an educational decision on the pupil's submission to unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature. Quid Pro Quo Harassment is equally unlawful whether the pupil resists and suffers the threatened harm or submits and thus avoids the threatened harm.
2. Hostile environment sexual harassment is sexually harassing conduct (which can include unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature) by an employee, by another pupil, or by a third party that is sufficiently severe, persistent, or pervasive to limit a pupil's ability to participate in or benefit from an educational program or activity, or to create a hostile or abusive educational environment.

This Policy protects any "person" from sex discrimination; accordingly both male and female pupils are protected from sexual harassment engaged in by school district employees, other pupils, or third parties. Sexual harassment, regardless of the gender of the harasser, even if the harasser and the pupil being harassed are members of the same gender is prohibited. Harassing conduct of a sexual nature directed

toward any pupil, regardless of the pupil's sexual orientation, may create a sexually hostile environment and therefore constitute sexual harassment. Nonsexual touching or other nonsexual conduct does not constitute sexual harassment.

The regulation and grievance procedure shall provide a mechanism for discovering sexual harassment as early as possible and for effectively correcting problems.

The Superintendent, or designee, will take steps to avoid any further sexual harassment and to prevent any retaliation against the pupil who made the complaint, was the subject of the harassment, or against those who provided the information or were witnesses. The school district staff can learn of sexual harassment through notice and any other means such as from a witness to an incident, an anonymous letter or telephone call.

This policy and regulation on sexual harassment of pupils shall be published and distributed to pupils and employees to ensure all pupils and employees understand the nature of sexual harassment and that the Board will not tolerate it. The Board shall provide training for all staff and age-appropriate classroom information for pupils to ensure the staff and the pupils understand what type of conduct can cause sexual harassment and that the staff know the school district policy and regulation on how to respond.

In cases of alleged harassment, the protections of the First Amendment must be considered if issues of speech or expression are involved. Free speech rights apply in the classroom and in all other programs in the public schools. The Superintendent, or designee, will formulate, interpret, and apply the policy so as to protect free speech rights of staff, pupils and third parties.

In addition, if the Board accepts federal funds, the Board shall be bound by Title IX of the Education Amendments of 1972 prohibiting sexual harassment of pupils. Title IX applies to all public school districts that receive federal funds and protects pupils in connection with all the academic, educational, extra-curricular, athletic, and other programs of the school district, whether they take place in the school facilities, on the school bus, at a class or training program sponsored by the school in a school building or at another location.

United States Department of Education - Office of Civil Rights Sexual Harassment Guidance: Harassment of Students by School Employees, Other Students, or Third Parties (1997)

PUPIL SUPERVISION AFTER SCHOOL DISMISSAL POLICY

The Board of Education adopts this Pupil Supervision After School Dismissal Policy as a result of the New Jersey Supreme Court's decision in *Joseph Jerkins, an infant by his Guardian Ad Litem, Charles Jerkins; Charles Jerkins and Toni Jerkins, individually, v. Soweto Anderson; Kemba N. Anderson; John Does 1-10 (fictitious individuals) and ABC Corporations 1-10 (fictitious entities), and Board of Education of Pleasantville Public Schools and Rosemay Clarke*.

The New Jersey Supreme Court, in Jerkins, indicated dangers exist for younger pupils at dismissal as children are susceptible to numerous risks, including negligent conduct, when leaving school property. Because of these risks, the Board of Education adopts and requires the implementation of Policy 8601 for the supervision of younger pupils after dismissal. The supervision provisions of Policy Guide 8601 are applicable to parents or legal guardians of pupils attending district-operated programs in grades Pre-Kindergarten to eight who are not eligible for district-provided transportation after dismissal or are eligible and elect not to use district-provided transportation after dismissal.

Any parent(s) or legal guardian(s) of a pupil attending a district-operated school or program in grades Pre-Kindergarten to eight, where the pupil is not eligible for district-provided transportation or is eligible and elects not to use district-provided transportation after dismissal may request the school or program not release the pupil to walk home after dismissal unless the pupil is released to the parent(s) or legal guardian(s) or escort(s) designated by the parent(s) or legal guardian(s). The parent(s) or legal guardian(s) or designated escort(s) must be at least eighteen years old. The parent(s) or legal guardian(s) requesting their child(ren) only be released to a parent(s) or legal guardian(s) or parent(s) or legal guardian(s)-designated escort after dismissal must submit a completed Request for Supervision at Dismissal from School Form to the Principal or designee.

The Form shall be made available in the Main office of the school building upon request to the Principal, or designee, on the school or school district website; to parent(s) or legal guardian(s) in the beginning of the school year; and the Student Emergency Health Cards.

Only those parents or legal guardians requesting the school or program not release their child(ren) to walk home after school dismissal unless the child(ren) is released to the parent(s) or legal guardian(s) or designated escort need to complete the Request Form.

In order for the school administration to effectively implement the requirements of this Policy and to ensure the safety and security of pupils that will be released to a parent(s) or legal guardian(s) or designated escort, the parental request shall be applicable for every school day and shall apply for a duration period of the entire school year. The Request Form must be re-submitted at the end of the duration period. In addition, a parent(s) or legal guardian(s) may rescind their Request by submitting a written request to the Principal indicating the date in which the parent(s) or legal guardian(s) no longer requests the school provide supervision of their child(ren) after school dismissal. The child(ren) will be dismissed in accordance with typical dismissal protocol effective the date indicated in the rescinding request.

The Principal or designee, upon receiving the Request for Supervision at Dismissal from School Form, shall notify the appropriate school staff member(s) who has supervision of the pupil at dismissal time at the end of the school day of the parent's or legal guardian's request. The supervising staff member that receives such notice shall retain supervision of the pupil when other pupils are dismissed from school at the end of the school day.

The Principal or program administrator will develop and implement a written Pupil Supervision After School Dismissal Plan for their school building or program location. This Plan shall include the school building's or program's supervision procedures for pupils at the end of the school day to the designated area in the school building or program and the location of the designated area in the school building or program. The Plan shall be based on the school's or program's ability to provide supervision, the accessibility for the parent(s) or legal guardian(s) or designated escort to pick-up the child without disrupting dismissal of the remaining school population, and other considerations unique to the school building or program location. The school's or program's Pupil Supervision After School Dismissal Plan shall be provided to all parent(s) or legal guardian(s) that have submitted a Request Form.

In the event the parent(s) or legal guardian(s) or designated escort does not arrive to pick up their child(ren) after the dismissal time of school, the classroom teacher, or administrator or designee, will attempt to contact the parent(s) or legal guardian(s) using the district's emergency call procedures. Pupils shall be supervised by school staff after school dismissal to the location of the Board-approved after-school program. The staff member(s) of the after-school program will assume supervision of the pupil and will only release the pupil when the parent(s) or legal guardian(s) or designated escort that is over the age of eighteen that the parents/guardians have listed on their emergency card arrives in the designated area in the after-school program. However, students are permitted to walk home after an after-school sport (game or practice) and/or extra-curricular activity that ends by 4:00 PM if school was in session until 3:15 PM. Any student that leaves the school grounds from a CES extra-curricular activity, program, sport, or for any other reason after 4:00 PM must be picked up by a parent/guardian or designated escort over the age of eighteen that the parents/guardians have listed on their emergency card.

In order to ensure the safety of other pupils being dismissed from school in accordance with typical school dismissal protocol, to limit interaction of parent(s) or legal guardian(s) or designated escorts with other pupils, and to avoid traffic and vehicular congestion outside the school building, the Principal may prohibit the parent(s) or legal guardian(s) or designated escort from entering the school building until a time period after school has dismissed or until school buses and other vehicular traffic have cleared the school site. This determination may be made by the Principal after considering the unique circumstances of the school building and the building's typical dismissal protocol.

In the event of an emergency such that, when an unforeseen event prevents a parent(s) or legal guardian(s) or designated escort from arriving for the child(ren) at dismissal within the time period designated by the Principal or program administrator, the pupil will remain under the supervision of the after-school program until the parent(s) or legal guardian(s) or designated escort arrives and signs the pupil out of school by 6:00 p.m. If the parent(s) or legal guardian(s) or designated escort has not arrived by 5:45 p.m., the after-school program supervisor will contact the Clementon Police Department and DYFS. In the event a pupil has not been picked up by the parent(s) or legal guardian(s) or designated escort the parent(s) or legal guardian(s) will be subject to after school program fees.

The school will provide parent(s) or legal guardian(s) information regarding any supervised after-school services, if any, that may be available to pupils at the school's facilities after formal school dismissal.

This Policy shall be published in pupil/school handbooks. In addition, the school district shall provide to parent(s) or legal guardian(s) in the beginning of the school year, the school's calendar to include the starting and dismissal times for full session, half-session, and early dismissal days due to weather or other emergencies. Parent(s) or legal guardian(s) shall be required to return to the school a signed acknowledgement of receipt of the pupil/school handbook, which shall include this Policy and the school calendar. In addition, any changes to the school's calendar made during the school year shall also be provided to parent(s) or legal guardian(s).

Pupils who cause damage to school property will be subject to disciplinary measures. The Board authorizes the imposition of a fine for the loss, damage, or defacement of a textbook and reserves the right to withhold a report card or diploma from any pupil whose payment of a fine is in arrears.
