

An Open Invitation for Parents & Guardians of Clementon Elementary School Students!

***Do you have questions about Special Education?
Would you like to join a committee of parents dedicated to improving special
education processes and programs?
Please join SEPAG – The Special Education Parent Advisory Group!
Sign up and stay for our winter meeting
November 21st from 2:30-3:00 pm in the Media Center.***

Who is SEPAG?

SEPAG members are parents or guardians of children with special needs, receiving services in the Special Education Program of Clementon Elementary School. It is a state-mandated, district-level, parent-driven group charged with providing input to the local school district system-level challenges in special education and related services.

What are SEPAG's Responsibilities?

SEPAG provides support to parents and guardians of students with special needs. By facilitating networking and communication among parents, SEPAG creates a community through which members can share concerns and discuss a range of topics that impact the education of children with disabilities in our district.

Additionally, through ***SEPAG*** meetings, the district can gather input from parents of children with special needs and community members, and answer Special Education-related questions such as:

What does it mean to have your child classified? How do I read an IEP?

What tests are they giving my child? What do the results mean?

What goes on at a CST meeting?

How do I get the most out of IEP meetings?

What types of "special ed" services are available?

What is inclusion? How might my child benefit?

What are related services?

On November 21st, WE would like to collaborate with YOU on topics important to YOU within special education. We hope to see you there!

For a copy of the agenda and any questions or need further information, please call the Clementon Elementary Child Study Team at (856) 783-2300, x1027
