March 24, 2020

Dear Parents/Guardians in Clementon Community:

I hope you are all feeling well. I am reaching out to you as per our school closure plan to inform you of our long term plan. Governor Murphy has signed an Executive Order to include school closings indefinitely. Our administrative team sent out via Remind and posted a Google Form on our website to identify any student in need of a Chromebook device to meet instructional activities for a longer unspecified time period. Please complete this Google Form as soon as possible if you are in NEED of a device at home for your child. The students should complete the packets sent home by the teachers as planned. The expectation of remote learning will officially begin on March 31st. However, the teacher may assign instruction on the Google platform before this date if necessary.

All students, grades Kindergarten through Eighth, should be participating in learning activities, as well as, a minimum 20-30 minutes of daily exercise, totaling 10 instructional hours per week with appropriate breaks. Our administration and teachers are working remotely to provide daily learning assignments, screencasts, office hours for consultation and opportunities for live meetings in Google Classroom, Flipgrid and other applications that are secure platforms.

Clementon Elementary School recognizes the importance of continuity of instruction and learning during this unprecedented event. The safety of our families is the number one priority. Weekly meal distribution for free and reduced lunch students will continue on Tuesday mornings from 10:00-12:00 am at CES.

I hope you are all well and take care of each other. You are all in my thoughts. We miss our students very much! Please send a hug from us!

Sincerely,

Kathleen Haines
Superintendent
