March 16, 2020

Dear Parents/Guardians in Clementon Community:

As school districts across the United States and New Jersey follow directives from state officials to close school in response to the COVID-19, Coronavirus, Clementon staff and administration have been hard at work to prepare and create plans for student learning from home. These work folders have been designed to provide up to two weeks of home instruction. They have been created by your child(s) teachers and are aligned to our grade level curriculum and standards. Teachers have also worked alongside our administration, special education teachers, Title I team, ELL teacher and guidance to meet the unique learning needs of our students.

All students should be learning from home for 10 instructional hours per week with appropriate breaks. Work should follow the sequence in which it has been prepared. Please collect and hold all materials to be returned to school when school resumes. In the event, school is closed for the remainder of the school year, we will have chromebook devices available for pick up at the school. Virtual learning opportunities and additional packets will be available at that time. Please continue to check our web-site for updates as this is changing rapidly. Clementon Elementary School recognizes the importance of continuity of instruction and learning during this unprecedented event. We appreciate your partnership in learning. I hope you are all well and take care of each other.

Sincerely,

Kathleen Haines  
Superintendent
