September 2021

Dear Clementon Elementary School Families,

I am excited to introduce myself as the new School Counselor at Clementon Elementary School! My name is Amy Lynn Masterton and I am entering my fifth year as a School Counselor in New Jersey. I graduated from Rutgers University with a Bachelor's degree in Psychology and completed my Master's degree in School Counseling K-12 at the University of Vermont. I have also worked with children in various other settings over the years, including Social Skills Camp, Bereavement Camp, After-School Tutoring and the Suicide Hotline.

The School Counseling Program at Clementon Elementary School is rooted in the American School Counselor Association model and our district standards. I provide direct student services such as individual short-term counseling, group counseling, and classroom guidance. Group counseling is run with parent permission and typically focuses on a topic such as social skills, friendships, anxiety or grief. Classroom guidance lessons will be focused on topics such as bullying prevention, character education, and career awareness. If a student requires long-term counseling, I am able to provide resources of outside agencies and licensed mental health counselors.

In addition to direct student services, I manage 504 and I&RS plans, coordinate state-mandated standardized testing, and act as the Anti-Bullying Prevention Specialist. Please feel free to contact me anytime with questions or concerns in these areas.

I want you to know that my main priority is the well-being of your child. I am here to support and enhance their academic and social-emotional development. My office is a safe space for students to express themselves, process emotions and work through problems. I support LGBTQ+ students, BIPOC students, students of all abilities, and students from all backgrounds. I believe that every young person has a gift to share. My job is to help them unlock their strengths and unlimited potential.

Thank you for welcoming me into the Clementon community. I am honored to be here and I look forward to building a meaningful relationship with you and your child. My hope is that you will view me as a supportive teammate, advocate and resource. Please feel free to contact me with any questions at [mastertona@clementon.k12.nj.us](mailto:mastertona@clementon.k12.nj.us)

Be well,

Amy Lynn Masterton, M.S.  
School Counselor
