CLEMENTON SCHOOL DISTRICT

**STUDENT HANDBOOK/CODE
OF CONDUCT
2023-2024**

Mission Statement

Our vision is to empower students to acquire, demonstrate, articulate and value knowledge and skills that will support them, as life-long learners, to participate in and contribute to the global world and model the core values of the school district.

Core Values: Empathy, Respect, Responsibility, Trustworthiness, Determination, Collaboration, Resilience, Generosity, Creativity, Achievement

**THE PHILOSOPHY OF
CLEMENTON SCHOOL DISTRICT**

We, the Board of Education of Clementon School District, believe that all students are capable of learning.

We believe that the home and community, along with the ability and attitude of the student, are intrinsic components of education. We accept the formal responsibility, delegated to us by the State of New Jersey, to provide as appropriate an education for each child as possible while remaining fiscally responsible.

We believe that our schools exist for the children. Schools should be a place where the school climate continually affirms the worth of all students and where pupils can have meaningful experiences in an environment that is inspirational, challenging, pleasant, and which protects and observes the legal rights of students.

We believe at the very minimum that our students should exhibit demonstrated competencies in listening, speaking, reading, writing, and basic mathematical computations. We further believe that in order to actively participate in civic responsibilities, our children should demonstrate an understanding and appreciation of our form of government.

We believe the instructional program and teaching strategies should be flexible enough to provide for pupil exploration and self-expression and to keep abreast of an ever-changing society. We support the efforts and expertise of our professional staff as they strive to promote excellence.

We believe it is essential to work with parents and other people of the community and to cooperate with various agencies to help us attain our goals.

WELCOME

This handbook is to provide you with the guidelines that are followed in the Clementon School District. Every member of the staff is here to help you have a successful and enjoyable school year. Each student is urged to seek the aid of the administration and teachers if the need arises. **READ THIS BOOK CAREFULLY**, as it will answer many questions about your needs and what will be expected of you at Clementon Elementary School.

AFFIRMATIVE ACTION PLAN

Please contact the Affirmative Action Officer, Clementon Elementary School Principal, if you would like to see the District's Affirmative Action Plan. The purpose of the Plan is to formally state objectives and activities as required by New Jersey Statutes Annotated 18A:36-20 and New Jersey Administrative Code 6:4-1. All areas related to employment and contract practices will be continually evaluated to ensure non-discrimination. School and classroom practices will be evaluated to ensure equal educational opportunities for all students.

Students who remain after school for various programs must be picked up on time at the end of their scheduled program. Repeated lateness in picking up your child will result in a meeting with the administration.

ASSEMBLIES

Assemblies will be held at various times throughout the school year. Disruptive behavior that takes place during and/or coming to or from an assembly will result in a consequence.

ATTENDANCE

Pre-K-8	Student must be present in school 4 or more hours of actual class time.
---------	---

Every parent has the responsibility to make sure his/her child attends school regularly. According to NJ State Law (18A:38-25), children between the ages of 6 and 16 must attend school regularly. There is a strong relationship between a student’s attendance and academic growth.

Whenever a child is absent for any reason, it is the parent’s responsibility to call **prior to 9:00 AM** to 856-783-2300, prompt 2.

In order for your child to have an excused absence, a note is required for all absences within 4 days of returning to school.

If the child has been to a doctor, please send in the physician’s certificate with your child when he/she returns to school.

Letters of attendance notification will be sent to any student accumulating 4, 7, and 10 days of absence for the year. Municipal court procedures may occur if a student accumulates 10 absences.

In order for a student to attend and/or participate in any extra-curricular, after-school, night activities and/or any other activities or events associated with the school district, a student must be present in school for four (4) or more hours of actual class time.

ATTENDANCE - RE-ADMISSION

Any child who has been absent from school for a period of five or more consecutive school days must report to the nurse’s office with a certificate from the family physician before re-entering the classroom. The school may also ask for a physician’s certificate if a child is absent frequently for a period of less than five days. A pupil will be retained at grade level, in accordance with Board policy, when he/she has accumulated twenty-five or more absent school days, whatever the reason(s) for the absences. However, absences for the observations of religious holidays and absences occurring during a pupil’s suspension will not count toward the total. Administration will take into consideration any pupils whose absences are excused and who have demonstrated through completion of home assignments and/or home instruction that they have mastered the proficiencies established for the assigned courses of study.

ATTENDANCE

The Clementon Board of Education requires the pupils enrolled in the schools of this district attend school regularly in accordance with the laws of the State. The educational program offered by this district is predicated on the presence of the pupil and requires continuity of instruction and classroom participation. The regular contact of pupils with one another in the classroom and their participation in a well-planned instructional activity under the tutelage of a competent teacher are vital to this purpose.

Attendance at school may be excused for certain absences as defined by the Board. All absences for reasons other than excused, shall be unexcused.

Pupils absent from school for any reason are responsible for the completion of assignments missed because of their absence. No pupil excused for a religious holiday shall be deprived of an award or eligibility to compete for an award or the opportunity to make up a test given on the religious holiday.

BICYCLES, SCOOTERS, SKATEBOARDS

The following rules are necessary to ensure the safe passage to and from our school for those students who choose to ride their bicycles,

scooters and/or skateboards. All areas including the parking lot, access roads, and walking paths are included in this agreement.

1. Bicycle helmets must be worn. This is a state law. If you do not have a helmet you are not permitted to ride the bike, scooter, or skateboard to and from school.
2. All bicycles, scooters, and skateboards must be in proper working order with appropriate devices.
3. Bicycles, scooters, and/or skateboards must be “walked” while on school property or in high student traffic areas such as the path and Erial Road during arrival and dismissal.
4. Bicycles, scooters, and/or skateboards must be ridden on the sidewalks to and from school at all times. Students may not ride in the school parking lot, in the street on Erial Road, on the path, or on the sidewalks on school grounds.
5. “Wheelies,” tricks, or unconventional riding stunts are forbidden at all times.
6. Only one person should be on a bicycle, scooter, and/or skateboard.
7. All bicycles, scooters, and/or skateboards must be locked on the bike rack. Students will not be permitted to bring bicycles, scooters, and/or skateboards in the building.
8. The school district is not responsible for Bicycles, scooters and/or skateboards that go missing or are stolen.

Students who do not follow these guidelines will not be permitted to ride their bicycles, scooters, and/or skateboards to school depending on the severity and frequency of the offense. Administration will determine all consequences.

Parents are asked to support this endeavor. It is for the safety and well-being of the students at Clementon Elementary School.

BIRTHDAY CELEBRATION GUIDELINES

As a protective measure for the children, all food treats for birthday celebrations are to be pre-packaged by the manufacturer or bakery. For example: packaged cookies, packaged pretzels, Dunkin’ Donuts, packaged snack cakes, Dixie cups, etc. Parent may also use taffies, fancy pencils, erasers, etc. to celebrate birthdays. Parents are asked to notify the child’s teacher at least 2 days prior to the day of the celebration. Information about the breakfast and lunch programs are sent home regularly through Catapult. If you have any questions about these programs, please see our website or call our main office.

CLASS TRIPS & SCHOOL ACTIVITIES

As you know, activities and class trips offer students the opportunity for learning experiences outside of the classroom. Although all students are eligible at the beginning of the school year, we believe that participation in these activities is a privilege that your child must earn.

In order for a student to participate in a sport or after-school activity:

- Students are permitted to walk home after an after-school sport (game/practice) or extra-curricular activity that ends by 4:00 PM.
- Students are NOT permitted to walk home after an after-school sport (game/practice) or extra-curricular activity that ends AFTER 4:00 PM.

- No food or drink is allowed in the gym.

Any student that receives an In-School Suspension or Out-Of-School Suspension, for any reason, will not be permitted to attend any non-academic functions, any school functions, or extra-curricular activities, before, during and/or after school hours, during the

suspension period and for a period of 5 calendar days beginning the day the student returns to school/classroom. (See below for a list of activities.) After the first offense, when a student is assigned an In-School or Out-of-School Suspension, the restricted standing days increase to 10 days, 15 days, etc. and then possibly the remainder of the school year.

DRESS CODE – DISTRICT

The District Dress Code is designed to establish guidelines which assist students in making responsible decisions as they select attire which is appropriate for school. It is important for both parent(s)/guardian(s) and students to understand that the way one dresses may have a direct effect on one's attitude and behavior. We expect all students to appear in clean, sensible attire at all times, and to maintain good grooming habits. Types of clothing, attire, and accessories deemed inappropriate, unsafe, or distracting within an educational setting will be considered unacceptable. It is the intent that parent(s)/guardian(s) and students will follow the dress code guidelines as listed below. If students wear inappropriate clothes to school, they are excluded from class and must change into readily available clothes or the parent(s)/guardian(s) will be contacted to provide an outfit that is appropriate, in order to return to class. Continued disregard for the dress code will result in disciplinary action. Please consider your child's health and safety when choosing school clothing and footwear. If you question the appropriateness of a particular item of clothing, which in itself may indicate the item is not acceptable for school wear.

In all matters of the guidelines listed below the school shall be the judge of what is appropriate.

GUIDELINES: The following guidelines listed below should be followed.

1. Clothing

- a. Skirts, dresses, or shorts must be fingertip length or longer.
- b. Shirts/tops must be long enough to touch the waistline so midriff is not exposed.
- c. It is not permitted for skin to show from chest to below mid-thigh (at fingertip length), whether it is uncovered or visible through sheer or open material. This includes any shirt that exposes any part of the back, chest or stomach.
- d. Attire that is strapless, backless, see-through, or has spaghetti straps will not be permitted.
- e. Tank tops, halter tops, half shirts, sleeveless shirts, and muscle type shirts shall not be worn.
- f. Attire that is excessively tight, sheer, fishnet, brief, low cut, revealing, or spandex will not be permitted.
- g. Attire that advertises or refers to alcohol, cigarettes, drugs, sex, and/or gangs is prohibited.
- h. Attire that is offensive, derogatory, prejudiced, obscene/vulgar or has a double meaning will not be permitted, including patches, slogans, words, symbols, phrases or pictures of an objectionable nature.
- i. Pajamas/sleepwear is not to be worn.
- j. Any clothing which exposes undergarments will not be permitted. Pants must be worn around the waist and must cover undergarments.
- k. Pocket chains, or any other types of clothing chains are not permitted, including those attached to wallets.
- l. Swimsuit wear is not acceptable.
- m. Bandanas and scarves are not permitted to be worn in any way, shape, or form.

2. Hats/Head Coverings

- a. No head coverings are permitted except for those worn for religious observation. This includes bandanas, sweatbands and hats. These items are to be stored in students' lockers or book bags until dismissal.

3. Shoes

- a. Footwear that is not firmly attached to the foot is not to be worn. Shoes designed for beachwear are not appropriate (ex: flip-flops). Shoes with wheels are not permitted on school grounds. If these shoes with wheels are worn, the wheels must be removed and given to a teacher or administrator.
- b. Slippers are not to be worn.
- c. Examples of approved footwear include: shoes with straps behind the heel and sneakers.

4. Glasses

- a. Sunglasses, glazed and/or tinted glasses shall not be worn or placed on top of students' heads while inside the school building unless the school nurse grants permission. These items are to be stored in students' lockers, classroom closet or book bags until dismissal.

- e. Book bags of any kind are not to be worn or carried during the school day and must be stored in the locker and/or classroom closet.

6. Piercing(s)

All pierced jewelry must be removed during P.E. class. Any pierced jewelry that would endanger the wearer (i.e. too large) will not be permitted.

7. Hair

Hair should be clean and well-groomed. Although hairstyle and hair color are largely matters of personal choice, hair should not be worn in such a fashion that the educational program is disrupted or impeded. For example, hairstyles sporting long spikes or unnatural colors tend to distract other students from the educational program. In the event that any student attends school with a hairstyle that has a demonstrably adverse impact in the classroom, that student will be asked to immediately change the hairstyle or hair color before attending school the next day. Exceptions to this rule may occur on special occasions (e.g. "Crazy Hair Day" or "Eagles Day".)

No object should be worn in the hair that could be removed and used as a weapon, or which could cause serious injury to the student wearing the object. Traditional objects such as barrettes, scrunchies, small hair combs and hair clips that present no risk of harm are clearly acceptable.

8. Outerwear

Coats, gloves, mittens, and scarves shall not be worn in the school building for health and safety reasons. These items should be kept in the students' lockers, coat closets, or book bags. Hoodie sweatshirts can be worn without the hood on the students' heads.

EARLY DISMISSAL REQUESTS

Requests for early dismissal should be made by parents/guardians only when absolutely necessary. All students must be signed out by their parent/guardian, or anyone listed on the emergency card, through the Main Office and must show identification in order for the student to be released. It is encouraged that parents do not request students to be released for early dismissal after 3:00 PM. Please note that students **will not be released** for early dismissal to anyone not listed on the emergency card. Every child **MUST** have two (2) emergency contacts listed (must be over 18 years of age). Identification will be required for anyone picking a student up from school.

If any information on your emergency card changes during the school year, we are requesting that you update the record in OnCourse Connect. Any documentation regarding legal custody of a child must be noted on the emergency card and verified with the proper court documentation.

EMERGENCY CLOSING/ DELAYED OPENING - CODE #634 CAMDEN COUNTY

Emergency school closings and delayed opening announcements will be made on our website, television stations using the code number listed, phone notification system, and/or on our electronic sign. If school is already in session and a decision is made to close for an emergency, all practical means to contact parents will be utilized.

EMERGENCY PROCEDURES

The Clementon staff, in conjunction with local and county police agencies, has developed an emergency management plan in the event of a terrorist attack, natural disaster, or any other type of emergency situation. Below please find some helpful information regarding our procedures and directions on what you should do as parents if a situation should arise while your children are in school.

Steps to be taken will be dependent upon the type of emergency and the directives given by the Office of Emergency Management.

- Emergency procedures have been provided to all staff.
- A chain of command has been set up within the school.
- Students will be moved to inside classrooms if necessary.
- Attendance folders and all important information regarding students are in the possession of each teacher at all times during high alert status.
- Medications will be distributed by the nurse as needed.

What a parent should do during an emergency alert:

- **DO NOT** come to the school to pick up your children.
- **DO NOT** call the school. Unnecessary calls may prevent essential emergency information from being transmitted.
- When clearance is given, an orderly procedure will be in place for you to pick up your children.
- Do not send anyone to pick up your child who is not on the Emergency Card.

ENTRANCE AGE

The Board of Education will admit to this district children otherwise eligible by law or Board policy who have attained the age requirements set by law and this Board of Education. The Board requires documentary verification of the age and birthdate of any child for whom admission to this district is sought.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days of the day the School receives a request for access.
Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.
Parents or eligible students who wish to ask the School to amend a record should write the School principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to privacy of personally identifiable information in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.
One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

[Optional] Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

4. The right to file a complaint with the U.S. Department of Education Concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education 400
Maryland Avenue, SW
Washington, DC 20202-8520

You can review the entire FERPA act on the Clementon School Webpage www.clementon.k12.nj.us.

There will always be Hazardous Substance Fact Sheets available in the Board of Education and Maintenance Offices for any substances used in the school.

HEALTH INFORMATION

MEDICINE AT SCHOOL

If it is necessary for a child to take medication during school hours (this applies to prescription and non-prescription drugs), a letter from the child's physician is required. The letter should explain the type, quantity, and schedule of the medication that will be administered. An adult must bring this letter and any medication to the school nurse. Children may **not** bring medication into the school at any time. School personnel (other than school nurse) are not permitted to administer any medication at any time.

ADMINISTRATION OF MEDICATION - Policy

The Board of Education disclaims any and all responsibility for the diagnosis and treatment of the illness of any pupil. However, in order for many pupils with chronic health conditions and disabilities to remain in school, medication may have to be administered during school hours. Parents and legal guardians are encouraged to administer medications to children at home whenever possible as medication should be administered in school only when necessary for the health and safety of pupils. The Board will permit the administration of medication in school in accordance with applicable law.

Medication will only be administered to pupils in school by the school physician, a certified or non certified school nurse, a substitute school nurse employed by the district, the pupil's parent(s) or legal guardian(s), a pupil who is approved to self-administer in accordance with N.J.S.A. 18A:40-12.3 and 12.4, and school employees who have been trained and designated by the certified school nurse to administer epinephrine in an emergency pursuant to N.J.S.A. 18A:40-12.5 and 12.6.

Self-administration of medication by a pupil for asthma or other potentially life-threatening illness or a life threatening allergic reaction is permitted in accordance with the provisions of N.J.S.A. 18A:40-12.3.

Medication no longer required must be promptly removed by the parent(s) or legal guardian(s).

The school nurse shall have the primary responsibility for the administration of epinephrine. However, the certified school nurse may designate, in consultation with the Board or the Superintendent, additional employees of the district who volunteer to be trained in the administration of epinephrine via a pre-filled auto-injector mechanism using standardized training protocols established by the Department of Education in consultation with the Department of Health and Senior Services when the school nurse is not physically present at the scene.

The school nurse or designee shall be promptly available on site at the school and at school-sponsored functions in the event of an allergic reaction. In addition, the parent(s) or legal guardian(s) must be informed that the school district, its employees and agents shall have no liability as a result of any injury arising from the administration of epinephrine to the pupil.

The parent(s) or legal guardian(s) of the pupil must sign a statement acknowledging their understanding the district shall have no liability as a result of any injury arising from the administration of the epinephrine via a pre-filled auto-injector mechanism to the pupil and the parent(s) or legal guardian(s) shall indemnify and hold harmless the district and its employees or agents against any claims arising out of the administration of the epinephrine via a pre-filled auto-injector mechanism to the pupil.

The permission for the emergency administration of epinephrine via a pre-filled auto-injector mechanism containing epinephrine to pupils for anaphylaxis is effective for the school year it is granted and must be renewed for each subsequent school year.

The district shall have and maintain for the use of pupils at least one nebulizer in the office of the school nurse or a similar accessible location. Each certified school nurse or other persons authorized to administer asthma medication will receive training in airway management and in the use of nebulizers and inhalers consistent with State Department of Education regulations. In those instances the medication may be retained by the pupil with the prior knowledge of the school nurse. The school nurse may provide the Principal and other teaching staff members concerned with the pupil’s educational progress with such information about the medication and its administration as may be in the pupil’s best educational interests. The school nurse may report to the school physician any pupil who appears to be affected adversely by the administration of medication and may recommend to the Principal the pupil’s exclusion pursuant to law.

The school nurse shall document each instance of the administration of medication to a pupil. Pupils self-administering medication shall report each incident to a teacher, coach or other individual designated by the school nurse who is supervising the pupil during the school activity when the pupil self-administers. These designated individuals shall report such incidents to the school nurse within twenty-four hours of the self-administration of medication. The school nurse shall preserve records and documentation regarding the self-administration of medication in the pupil’s health file.

Should students be found to have prescription or non-prescription medicine(s) in their possession, said medicine(s) shall be taken from them. HOME INSTRUCTION DUE TO HEALTH CONDITION

The Board of Education will provide instructional services to an enrolled pupil whether a general education pupil in Kindergarten through grade twelve or special education pupil age three to twenty-one, at the pupil's home or another suitable out-of-school setting such as a hospital or rehabilitation program when the pupil is confined to the home or another out-of-school setting due to a temporary or chronic health condition or has a need for treatment which precludes participation in their usual education setting, whether general education or special education. To request home instruction due to a temporary or chronic health condition, the parent(s) or legal guardian(s) shall submit a request to the Child Study Team (CST) Coordinator that includes a written determination from the pupil's physician documenting the projected need for confinement at the pupil's residence or other treatment setting for ten consecutive school days or fifteen cumulative school days or more during the school year. The CST Coordinator will then contact the parent(s) or legal guardian(s) to receive more information and complete the request.

HOMEWORK

The Board of Education believes that homework should become an integral part of every pupil's learning experience. The purposes of homework are--to improve the learning process; to aid in the mastery of skills; to allow for a deeper understanding of informational content or, help practice a skill, strategy, or process; to create and stimulate independent research; to obtain experiences in time management; to gain confidence and success in carrying out learning activities; and to develop a sense of responsibility, accountability and individual work habits.

Homework should have a valid educational purpose and should relate to the objectives and skills of a lesson or unit, and is designed to deepen students' knowledge of informational content or, practice a skill, strategy, or process. Homework shall not be assigned for punitive reasons.

Classroom teachers are to consider the following points:

1. Establish regularity in assignments. A good practice is to give some homework each school day.
2. All pupils should receive homework appropriate to their age, grade level and abilities.
3. Notify parent(s) or legal guardian(s) of the design for homework assignments. Explain the purposes of homework to them; seek their cooperation to make homework a learning situation; request that they provide a suitable time and place for working.
4. Make homework assignments absolutely clear to the pupils. Homework is the primary responsibility of the pupil but may require some assistance from parent(s) or legal guardian(s) or others.
5. Check all homework carefully.
6. Return assignment papers to the pupil or file in a folder to be used at parent-teacher conferences.
7. Relate the assignment to the needs of the pupils.
8. Be able to justify the assignment in relation to the purposes of homework.

Make-up Work - Any pupil who is absent from school because of illness, suspension or another reason must be provided the opportunity to make-up the work missed if it will have a direct influence on the grade he/she will receive for the subject. The pupil should discuss the assignments and amount of time given for make-up work with the teacher. At a minimum, for every day missed, is

the number of days the students have to make-up the assignments. Pupils are to be provided with the opportunity to complete assignments missed because of their absence(s), as well as receive full (earned) credit for the work. The time allowed to make up work missed is to be equal to the amount of time absent. Work not made up within this time will receive partial and/or zero credit. It will be accepted and evaluated by the teacher. Assignments and tests announced prior to the absence are due by the second day of the pupil's return to school or at the teacher's discretion.

Parents may only request work for their child if they are going to be absent for more than one day. If a student is absent for only one day, it is his/her responsibility to make up the work when he/she returns to school. All requests for homework for extended absences must be made prior to 9:00 AM by calling the homeroom teacher directly at his/her extension.

Recommended Times - Some types of homework assignments should be given each school day to pupils at all grade levels. The assignment should be commensurate with the child's grade level, age and abilities. The amount of time spent will vary from one assignment to another and will increase as the pupil matures.

Assignments - All pupils will be responsible to know their daily assignments. Individual grade level procedures will be communicated to parents in writing at the beginning of each school year. Specific directions for long term projects will also be provided when applicable.

Typical Homework Activities

10. Interviews: Gathering information from authoritative sources.

KINDERGARTEN REQUIREMENTS

Our full-day kindergarten program is designed to provide instructional activities geared to the different stages of a child's development. In addition to reading and mathematics, the kindergarten program provides experiences in these areas: language arts, music, art, media, computer literacy, health, and physical education. Activities in these areas provide a complete kindergarten program.

LOCKERS

A student's school locker is the property of the school and must be used for the purposes intended: a storage area for books, school supplies, and clothing. If school officials have reasonable suspicion that a student has placed illegal substances in the locker, school officials may then search the locker, with or without the student's knowledge or consent. In brief, students should not keep anything in their lockers that they would not want anyone to find.

Lockers are assigned by the school and are not to be changed without permission. Locks are distributed by the school. If a lock is lost, another is to be purchased by the student so that the lost lock can be replaced. Students are not permitted to share lockers or locker combinations. The school is not responsible for any stolen articles from lockers.

LOST AND FOUND

Articles of value or clothes turned in to the main office will be held until the end of each month on the stage. They will be appropriately disposed of or donated to charity at the end of each month.

NATIONAL JUNIOR HONOR SOCIETY

The National Junior Honor Society is a select service club of seventh and eighth grade students. The club has five principles: Scholarship, Leadership, Citizenship, Service, and Character.

The selection information is found on the school website. Students in Grades 6, 7 and 8 that qualify in academics are invited to complete the application process after second marking period grades are available. Students who complete the process and qualify are inducted at the end of the school year.

Students need to maintain an overall grade average of 86%, attend monthly meetings, participate in the service activities, and have no suspensions to stay members in good standing for this national club.

PARTICIPATION IN PHYSICAL EDUCATION CLASSES

Students will participate in Physical Education classes, both with special area and regular education teachers.

GUIDELINES: Students will wear clothing and footwear suitable for safe participation in physical education class activities (i.e. sneakers). Students will be exempt from physical education class with a physician's note specifying the number of days to be excused and the date normal physical activities can resume.

PARTICIPATION IN SPECIAL AREA CLASSES

Students will be prepared to participate in various special area classes during the school year, such as Music, Art, STEM, World Language, Physical Education/Health, and/or Media/Library.

Media Center materials will be returned on time and in the same condition as when borrowed. It may become necessary for the

replacement cost to be paid by the student before final report cards are issued.

Use of the computer technology throughout the school building shall be in accordance with the guidelines set forth on the Internet Permission Form. Vandalism of computer hardware or failure to follow proper procedures when operating a computer will result in exclusion of computer privileges. Repair costs will be charged to the student and a complaint may be filed with the police.

PERSONAL ITEMS

Students are asked to be extremely careful about leaving valuables unattended in desks, cubbies, classrooms, and unlocked lockers. The school is not responsible for stolen articles brought to school.

POSSESSION OF ELECTRONIC DEVICES

A student who brings a remote activated paging device on the school property (whether school is in session or not) is violating both a school rule and the New Jersey State Law 2C:33-19. A student who brings a remote activated paging device to school may be subject to consequences from the school as well as law enforcement authorities.

Cell phones, radios, headphones, MP3 players, laser pointers, and other types of unapproved electronic devices are not permitted to be used in the school building. Such devices will be confiscated and the students will be subject to the consequences for breaking school rules. Parents/guardians are required to come to the school and pick-up any confiscated items. Any confiscated items will not be given back to the student.

Additionally, students who do bring in any electronic devices, such as cell phones, must have them turned off and put in their book bag and/or locker during the school day. If any devices are found on the student, they will be confiscated and the parent/guardian must pick them up. If it becomes necessary for a student to use a telephone during school hours, students must request permission from one of their teachers to use a classroom phone or to use the phone in the Main Office. Students are not permitted to use any cell phones to make or receive calls or texts during the school day or during after-school detentions.

PREPAREDNESS FOR CLASSROOM INSTRUCTION

Students will have the required textbooks, workbooks, notebooks, homework folders, completed homework assignments, and supplies ready for participation in instruction. Textbooks are to be kept clean and handled carefully. Any textbook, workbook, notebook, or homework folder that is lost, has unreasonable damage, or rendered unusable, will be replaced or assessed a fine at the student's expense. A published list of costs is available. At the end of the school year, the student must return the same book that was loaned at the beginning of the school year. All fines must be paid by the end of the school year in order for the student to receive his/her final report card.

PRESCHOOL

Clementon offers a full-day preschool program through our Preschool Expansion Grant for children who are 4 years old by September 30th. The first year in school is one of the most important years in a child's life. Children will discover a new world opening to them. The preschool program is planned to help introduce children to this world.

SCHOOL TIME STUDENT ACCIDENT INSURANCE

The Board of Education will provide school day insurance for all students at no cost to the parent.

SECTION 504

Students who have a physical or mental impairment that substantially limits one or more major life activities can be identified through Section 504. The 504 Coordinator for the Clementon School District is the Guidance Counselor. You can contact the Guidance Counselor at 856-783-2300 x1035.

SPORTS/ACTIVITIES

HOME GAMES: Students should not leave the gym while a game is in progress. Dress code guidelines must be followed. No food or drink is allowed in the gym. Students must go home upon dismissal and can return for the game as long as a parent/guardian or someone over 18 years of age accompanies them. Students must go home with the parent/guardian. Students may not bring basketballs or backpacks to the game.

STUDENT COUNCIL

Any student interested in becoming a member of the student council should consider carefully the responsibilities and duties that are connected with this office. Council members will be expected to make decisions that will affect the entire student body and, therefore, be expected to work to promote a better school for all students of Clementon School.

Additionally, students may be deducted points for demonstrating inappropriate behaviors. At the end of each marking period, the top ten students from each grade level are rewarded with a very special activity.

MANNER BANNER (GRADES K-8)

Clementon Elementary School is dedicated to teaching and encouraging kind manners from our students. Each month, faculty members vote on the class who has shown the best manners day in and day out. This class is awarded the honor of hanging the school's Manner Banner outside their classroom, and the students are treated to a pretzel party to reward their efforts.

BULLDOG'S BEST (GRADES K-4)

Bulldog's Best is an incentive program which identifies students who are engaging in a positive act. Students who are "caught" receive a paw point from a staff member. Students can earn paw points by doing anything positive e.g. helping a friend, holding a door open, helping a teacher etc.

MONTHLY CHARACTER TRAITS (K-8)

Each grade level will choose one student each month to receive the character education award. Visitors shall be required to register their presence in the school. No staff member shall transact business with or permit the continuing presence in the school of a visitor who has not been duly registered.

CODE OF CONDUCT

PURPOSE

The purpose of this Code of Conduct is to acquaint you and your parents/guardians with helpful information in order to provide for the smooth operation of our school. Please review it very carefully and keep it handy for reference to daily routines and general procedures. We want you to know what is expected of you and what you can expect from your school. *This is your formal notification of the rules and procedures under which we operate.*

EXPECTATIONS FOR STUDENT BEHAVIOR

Students, parents, school administrators, and the board of education all believe that pupils should commit themselves to learning and to the development of their unique potential. We believe that it is important to help students realize that their own attitudes and acts are directly related to their school experience and that of their classmates. With the support and assistance of school personnel and parents, all students have the capacity to demonstrate actions which contribute to the effectiveness of schools and the worth of their learning experiences.

Therefore, we, the students, parents, teachers, administrators, and members of the Board of Education of the Clementon School District expect all students to fulfill the behavioral expectations of the school community, and to:

- Prepare mentally and physically for the process of learning.
- Respect the person, property, and intellectual and creative products of others.
- Take responsibility for own behavior and learning.
- Use time and other resources responsibly.
- Share responsibilities when working as members of a group.
- Meet the expectations of each class.
- Monitor own progress toward objectives.
- Communicate with parents and school personnel about school-related matters.

STUDENT RESPONSIBILITIES

Below is a partial list of student responsibilities and expectations which are necessary to improve the overall climate of the school.

4. Come to school properly attired.
5. Treat teachers, staff members, and fellow students with respect.

STUDENT CONDUCT

Students are expected to exhibit proper behavior, at all times. Such actions as yelling, throwing things, profanity, insubordination, defiance, and disorderly or discourteous acts interrupt a proper educational atmosphere. We expect our students to conduct themselves in a manner that will contribute to the overall educational goals and expectations of the school. We expect our students to develop responsible attitudes of personal conduct and to respect the rights of others in the school. Students do not have the right to disrupt or impede the learning process of others, nor does any student have the right to jeopardize the safety and well-being of others in the school. Students are expected to show respect to all adults in the school. Insubordination and defiance of adult authority, or verbal and/or physical abuse of those adults employed in the school will not be tolerated and consequences will be assigned for these offenses. It is the students' responsibility to obey school regulations and procedures and the school staff and administration that enforce them. This responsibility extends to student conduct to, during and from school as well as in the building itself and on school grounds. Any unlawful act taking place on school grounds or buses before, during or after school (e.g. athletic events, dances, etc.) not only makes the student subject to penalties which the courts prescribe, but may also result in suspension or dismissal from school.

STUDENT CODE OF CONDUCT

One very important goal of the school system is to develop positive and constructive student behavior. Thus, discipline must be administered with the goal of changing inappropriate behavior. All aspects of each case will be considered. Administration will conduct an investigation of reported incidents before assigning consequences.

Parents will be notified by letter or phone and, when necessary, parent conferences will be scheduled.

DETENTIONS

The staff at Clementon Elementary School believes that the Code of Conduct should not be as much punitive as it is corrective, for it is our duty to try to help every student learn to behave and interact in a socially acceptable manner. We would like to maximize the teachers' time spent on instruction and minimize time spent on disciplining the disruptive elements present in the classroom. Corrective action will be taken to remedy inappropriate behaviors. The action is taken to help our students learn from their mistakes and/or poor choices.

Detentions may be assigned by the administration or teacher when it is deemed necessary to correct behavior that is interrupting the normal learning process. Detentions may be given for disciplinary infractions that a teacher feels are detrimental to the smooth operation of the classroom and/or school. In most cases, students will be given one day's notice before the detention is to be served. The teacher will send the Parent Notice form home so that the parents/guardians will know that their child has detention. Please note the Parent Notice form will be sent home to inform the parents/guardians that there was a disciplinary infraction that occurred and when the detention will be served. A signature will be required for all Parent Notices. Parent Notices must be returned to school the next day. Failure of the students to remain for detention will result in further disciplinary action. The parents/guardians will be notified and a conference may be scheduled. If a student does not return the Parent Notice signed, the teacher and/or administration may contact the parent/guardian for confirmation they are aware of the incident(s) that occurred and the consequence(s) assigned.

Detentions will be scheduled from 3:15 PM – 3:45 PM, normally on the day following the infraction. Additionally, lunch detentions can be assigned by administration or teachers on the same day as the infraction and/or on future days. Any student that is given an

administrative detention and is absent or goes home early on the assigned detention day will serve that detention on the day they return to school. Work will be assigned. Rules and regulations must be strictly adhered to or further disciplinary action will be taken.

LOCKERS (7th & 8th Only)

Students will be issued a hall locker, and possibly a physical education locker, and one (1) lock. Only school locks may be used on the assigned locker. Students are responsible for the school locks they are issued. A replacement lock will cost \$5.00. Students must keep their locker locked at all times for their security. Students are not to share lockers with other student(s) or give other student(s) their locker combination. Students may go to their lockers at designated times. **The school cannot assume responsibility for lost or stolen items.**

LOCKER SEARCHES

In accordance with New Jersey law and United States Supreme Court rulings, lockers are school property over which the district retains the right to conduct periodic inspections. If school officials have reasonable suspicion to suspect that a search of a student's locker or possessions will reveal evidence that the student has violated or is violating either law or the rules of the school, then a search will be conducted.

HARASSMENT, INTIMIDATION, OR BULLYING

The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Harassment, intimidation, or bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s); adoptive parent(s); legal guardian(s); foster parent(s); or parent surrogate(s) of a student. When parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided parental rights have not been terminated by a court of appropriate jurisdiction.

B. Harassment, Intimidation, and Bullying Definition

"Harassment, intimidation, or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic;
2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3;
3. Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that
 - a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to their person or damage to their property; or
 - b. Has the effect of insulting or demeaning any student or group of students; or
 - c. Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

Schools are required to address harassment, intimidation, and bullying occurring off school grounds, when there is a nexus between the harassment, intimidation, and bullying and the school (e.g., the harassment, intimidation, or bullying substantially disrupts or interferes with the orderly operation of the school or the rights of other students).

"Electronic communication" means a communication transmitted by means of an electronic device, including, but not limited to: a telephone, cellular phone, computer, or pager.
